Dear parents/carers,

Just a few updates to share with you all.

Today we had a lockdown practice. You may be aware there that there has been a new law passed through parliament (Martyn's Law) requiring all government establishments and large venues to have a plan and to practice. We thought we saw (Year 4 did!) an alien space craft on the field, but it turns out we were seeing things! We have talked to the children before hand and discussed some of the things that may cause us to have to do it, dog on the field, muck spreading on the famers field, angry parent etc. All the children were amazing and followed instructions perfectly.

Today we are doing alternative SATs day. (we have got **SOMETHING AWESOME TO SAY**) all children should come home with something amazing that the other children and teachers have said about them. Just to make sure children understand that school is not just about children who are good at English and Maths and that we are all amazing at something!

Friday we break up for half term, it is no uniform and if you could send your child in with a tombola prize we would appreciate it. It can be anything, unwanted gifts, a chocolate bar, anything really- we can fit them on many different stalls.

On the 2nd June we return after the holidays. It is Wheelchair sports week The children can come to school in sports clothes all week.

Reminder that Friday 13th June is INSET day and we are closed to children for that day.

New date for your diaries- Friday 18th July from 1.00pm we will be having our family fun day afternoon and summer fair. Bring a blanket or a chair, visit the fair and have fun with your children. (it can't rain on that day!)

Remember all dates are on the website if you have lost letters.

Also, sadly one of our children was attacked by a teenager on the park over the weekend. We wanted to let you now so that you can keep your eye on your children. The police are involved.

Thank you.

Mrs Yardley
